NSDI Development in  
Republic of Croatia

EU ENI 2020 Twinning project: MD 16 ENI OT 01 19  
Improving Spatial Data Services in the Republic of Moldova following EU standards

A group of people in a meeting, with a network overlay of blue lines and dots. The text is overlaid on a semi-transparent dark grey box.

**Interoperability is the ability of organisations to interact towards mutually beneficial goals, involving the sharing of information and knowledge between these organisations, through the business processes they support, by means of the exchange of data between their ICT systems.**

***European Interoperability Framework***
